ABOUT APL APOLLO

Welcome to APL Apollo, where innovation, excellence, and reliability converge to revolutionize the steel industry. As a premier manufacturer and supplier of high-quality steel products, we take immense pride in our unwavering commitment to pushing boundaries and setting new standards in the industry.

APL Apollo Tubes Limited stands tall as the largest producer of Structural Steel Tubes in India.

OUR LEGACY OF EXCELLENCE

With a legacy spanning over a decade, APL APOLLO has emerged as a global leader in the production of structural steel tubes. Our unwavering dedication to quality and customer satisfaction has propelled us to the forefront of the industry, earning us recognition as one of the largest players worldwide.

INNOVATIVE CAPACITY INVESTMENT

We believe in investing in the future. Through consistent investment in our manufacturing capacities, we have positioned ourselves as pioneers in the industry. Our strategic approach to capacity creation ensures a balanced manufacturing infrastructure across regions, enabling us to meet demand with precision and efficiency.

PIONEERING TECHNOLOGY ADOPTION

At APL APOLLO, innovation is ingrained in our DNA. For the past two decades, we have been at the forefront of bringing cutting-edge technology to India's shores. From groundbreaking manufacturing processes to state-of-the-art machinery, we continuously push boundaries to create new products and markets.

EXPANSIVE PRODUCT PORTFOLIO

Our commitment to innovation is reflected in our expansive product portfolio, comprising over 2,000 SKUs. From structural tubes to hollow sections, pre-galvanized tubes to precision tubes, we offer a diverse range of products that cater to a multitude of applications and sectors.

ROBUST DISTRIBUTION NETWORK

We understand the importance of accessibility. That's why we have developed the largest and most expansive distribution network in the industry. Supported by robust supply chain solutions, our multi-layer network ensures that our products are readily available across India.

DRIVING TRADE TRANSFORMATION

We are not content with just meeting benchmarks; we strive to set them. By providing innovative products, rapid delivery, and growth opportunities to our channel partners, we have revolutionized trade practices within the industry.

A COMMITMENT TO INNOVATION

Innovation is at the heart of everything we do. We remain steadfast in our commitment to developing innovative solutions that address evolving customer needs and deliver increased value. Our cutting-edge facility near Raipur is a testament to this commitment, where we manufacture value-added products that are firsts for the Indian markets.

CASE STUDY

ABOUT THE PROJECT

Kartarpur Corridor has been one of our most prestigious projects, as it is a gateway for pilgrims to visit the Gurudwara Kartarpur Sahib in Pakistan. The project was under the limelight of different international and national media houses as this project has been a stepping stone towards improving ties between the two countries.

CHALLENGE

The project was scheduled to be inaugurated as per the defined timeline. But the contractors of the project, were running behind time with their approved vendors for supplying structural pipes & tubes. However, approved vendors were unable to cater to the demand due to shorter lead time.

SOLUTION

Creative Group & Shapoorji Pallonji & Co. Pvt. Ltd. approached APL Apollo Tubes and requested to supply the required structural pipes & tubes in the given time frame. The principals to the project – Land Port Authority of India, a part of Ministry of Home Affairs, were approached by APL Apollo along with Creative Group & Shapoorji Pallonji & Co. to get the approval. The LOI was provided by Shapoorji Pallonji & Co. itself. A presentation was made by APL Apollo to the concerned authorities which highlighted the manufacturing capabilities along with the credentials of the company.

RESULTS AND CONCLUSION

APL Apollo was given a pre-approval on the 24th July 2019 & an LOI on the 26th July 2019 to supply structural pipes. APL Apollo started dispatches from the 27th July 2019 and had supplied approximately 500 Tons out of the total requirement of 615 Tons within 7 days of LOI. With APL Apollo Tube's faster delivery, pan India flexibility on sizes and proximity of plant locations, the company was able to complete the project with great precision.

PROJECT : KARTARPUR CORRIDOR PASSANGER TERMINAL
AT DERA BABA NANAK, PUNJAB
CONSULTANT : CREATIVE GROUP
CONTRACTOR : SHAPORJI PALLONJI & CO. PVT. LTD.
YEAR : 2019

CASE STUDY

ABOUT THE PROJECT

Kempegowda International Airport, the third-biggest airport in India, is constructing a garden terminal called T2 to accommodate the increasing passenger traffic. The terminal will feature trees, small gardens and ponds with local species of plants. It is expected to serve approximately 25 million passengers a year. Operated by Bengaluru International Airport Limited (BIAL), it is claimed to be India's first greenfield airport terminal to be built under a public-private partnership. Construction of the terminal began in 2019. With the expected completion of phase one works in March 2021.

CHALLENGE

M/S. Yongnam Engineering Sub - Contractor for Bengaluru Airport had a requirement of hollow sections 350 mm x 250 mm X 10 mm from BIAL's preferred make list suppliers for constructing the Terminal building. The preferred make list suppliers were not able to manufacture the required sizes considering they had the capability and capacity constraints. Yongnam Engineering had almost decided to import these sizes from China with a 60 day lead time which would have increased costs.

SOLUTION

The contractor approached APL Apollo Tubes Ltd, for supplying Hollow Sections of size 350 mm x 250 mm x 10 mm. APL APOLLO was able to provide the required sizes and quantity within 7 days of issuing the purchase order.

RESULTS AND CONCLUSION

APL Apollo has the technology to service customized Sizes in Minimum Lead Time. This was possible because of DFT (Direct Forming Technology) which is connected only with APL APOLLO in India. This technology helps in giving customized size more exceptional flexibility and minimum lead time.

Sub: Registration of your firm as approved supplier of stores.
Ref: Your Letter No.e mail received File No 11856 dated 13-AUG-21

1.0 I am directed to inform you that, your application for enlistment of your concern in the approved list of supplier to this Railway has been carefully considered and it has been decided to enlist your firm on the list of approved suppliers with the details mentioned below:

Registration No.	:21941
Monetary limit/Category (per individual order):	Category "E" (Value Limitation Above 10 Lakh To Rs. 50 Lakh)
Validity:	Upto 13/09/24

The following trade groups are allotted:

Grp	Description of Trade Group
6207	G.I. Pipes and Fittings
6228	Pipes Seamless and E.R.W.

2.0 It should be noted that this registration is valid for the Trade Groups and monetary value as indicated above, and any quotation received for other than the above mentioned trade groups and monetary limit, will be treated at par with the offers received from un-registered firms and will be dealt accordingly.

3.0 The registration is subject to constant review from time to time in consistent with your performance for supply of stores to this Railway. Please note that you may apply for renewal of registration, well in advance, before the expiry of the present registration and ensure to attach the details of the orders executed by you during the last 3 years.

4.0 Please note that as an approved registered supplier of this Railway, you shall abide by the IRS Conditions of Contract supplemented by the Instructions to tenderers contained in the IREPS website under the link [public documents/stores/supply].

5.0 You are also advised that any subsequent changes in the constitution of working of the firm should be promptly communicated to this office.

OFFICE MEMORANDUM 25 APR 2024

Subj: Approval of products manufactured by "M/s. APL Apollo Tubes Limited" for their brand "APL APOLLO" in CPWD material approval list - Reg.

The Chief Engineer - Hyderabad, CPWD, Hyderabad on the request of "M/s. APL Apollo Tubes Limited" vide letter No. Nil, dated: 22.01.2024 has approved following products.

Sl. No.	Description of Item / Category	Brand	Reference of Standards
1	Roofing Sheet / Galvalume Sheet/MS Sheet / GI Sheet	APL APOLLO	As applicable

- The above approval is for a period of 2 years from the date of issue of this office memorandum or the date of expiry of BIS License (if applicable) whichever is earlier for future works. The approval will automatically lapse at the end of this period unless got renewed. The approval of product is subject to confirmation of the product to relevant Indian standards & CPWD specifications.
- All SEs & EEs are requested to incorporate the above brands along with the already approved other brands in the "List of Preferred Makes" in NITs approved by them.
- The approval does not absolve the Executive / Supervisory officers concerned of their responsibility of exercising necessary checks like quality, rate & performance of the products while processing / using the same. Shortcomings / deficiencies of serious nature, if observed while in use at site may be brought to the notice of this office immediately. Further it is the responsibility of the field staff to ensure that the material brought at site / proposed to be used for work are as per approved / laid down specifications as per the agreement.
- The approval does not make the firm eligible for claiming the right to get the work done or items procured through them only. Work / procurement is subject to firms competitive offers against other competitive manufactures/brands/suppliers as mentioned in NIT.
- The performance of the firm shall be watched by field units and report submitted to the approving authority for periodical review.
- Since there may be wide variations in rates/quality of certain items, it is also enjoined up on all NIT approving authorities to check parity of materials/products at their end.
- Approval can be withdrawn prematurely also on complaints or uncalled for action of the manufacturer or without assigning any reason.

OFFICE MEMORANDUM

Subj: Approval of products manufactured by "M/s APL Apollo Tubes Ltd." brand of "APL APOLLO CHAUKHAT" -Reg.

The Additional Director General, Region Hyderabad, CPWD, Hyderabad on the request of "M/s Radha Smelters Pvt, Ltd" vide lr.no. nil, dated nil has approved following products.

SL.No.	Description of Item	Brand of Product	Reference of standards
1.	Tubular Steel Door Frames - MS/GI/GP	APL APOLLO CHAUKHAT	As applicable

- The above approval is for a period of 2 years from the date of issue of this office memorandum for future works. The approval will automatically lapse at the end of this period. The approval of product is subject to conformation of the product to relevant Indian standards.
- All the CE's, SE's & EE's are requested to incorporate the above brands along with the already approved other brands in the "List of Preferred Makes" in NITs approved by them.
- The approval does not absolve the Executive/Supervisory officers concerned of their responsibility of exercising necessary checks like quality, rate & performance of the products while processing/using the same. Shortcomings/deficiencies of serious nature, if observed while in use at site may be brought to the notice of this office immediately.
- The approval does not make the firm eligible for claiming the right to get the work done or items procured through them only work/procurement is subject to firms competitive offers against other competitive manufactures/brands/suppliers as mentioned in NIT.
- The performance of the firm shall be watched by field units and report submitted to the approving authority for periodical review.

This issues with the approval of Additional Director General, Region Hyderabad.
