दिनांक: 17.JUN.2021

To

Head of the Manufacturing Units,

विषय: अनैतिक आचरण में लिप्त न होने के लिए / For non-indulgence in unethical practices.

Dear Sir/ Madam,

At some of the manufacturer works, fraudulent/un-ethical practices like un-informed outsourcing, fraud during sampling, usage of material from unapproved sources, welding joints which is not allowed as per technical specification, tempering of test equipment, swapping of material samples selected and sealed by our inspection executives for third party lab testing, forging the signatures, submission of forged documents e.g.- forged test certificates of raw materials, forged test reports etc, have been observed during regular inspection by POWERGRID.

In order to provide a strong deterrent to manufacturers from committing un-ethical practices, issuance of warning letter or imposing a penalty of INR Five Lakh or withdrawal of vendor approval or manufacturer quality plan (MQP) of defaulted manufacturer, as per POWERGRID norms, shall be resorted to.

It is therefore requested to take care that none of the workers/executives in the premises indulge in any un-ethical practice during manufacturing, inspection or dispatch of material for POWERGRID projects.

Thanking You,

Yours truly,

**ANURAG
