

INDEPENDENT AUDITOR'S REPORT To The Members of Shri Lakshmi Metal Udyog Limited Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of **SHRI LAKSHMI METAL UDYOG LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2018 and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order issued under section 143(11) of the Act.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and other accounting principles generally

Deloitte Haskins & Sells LLP

accepted in India, of the state of affairs of the Company as at March 31, 2018, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Company as on March 31, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements; (Refer Note no 33(i) of the Ind AS Financial statements)
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.; (Refer Note no 33(iii) of the Ind AS Financial statements)
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company. (Refer Note no 33(iv) of the Ind AS Financial statements)
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **SHRI LAKSHMI METAL UDYOG LIMITED** ("the Company") as of March 31, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on "the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- i. In respect of its fixed assets:
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - (b) The fixed assets were physically verified during the year by the Management in accordance with a programme of verification, which in our opinion provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanations given to us no material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings, are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been pledged as security for loans are held in the name of the Company based on the confirmations received by the Company from lenders.
- ii. As explained to us, the inventories (other than goods in transit) were physically verified during the year by the Management at the reasonable intervals and no material discrepancies were noticed on physical verification.
- iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the Register maintained under Section 189 of the Companies Act, 2013.
- iv. The Company has not granted any loans, made investments or provide guarantees and hence reporting under clause (iv) of the CARO 2016 is not applicable.
- v. According to the information and explanations given to us, the Company has not accepted any deposit during the year. The Company does not have any unclaimed deposits and accordingly, the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 are not applicable to the Company.
- vi. The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii. According to the information and explanations given to us in respect of statutory dues:
 - (a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, Goods and Service Tax Custom Duty, Excise Duty, Value Added Tax and Cess with the appropriate authorities and there are no undisputed amounts payable in respect of these dues outstanding as at March 31, 2018 for a period of more than six months from the date they became payable other than following :

Name of Statute	Nature of Dues	Amount (Rupees in crores)	Period to which the Amount Relates	Due Date	Date of subsequent payment
Income Tax Act, 1961	Dividend Distribution tax	0.05	2015-16	September 07, 2015	May 21, 2018

Details of dues of Value added tax which have not been deposited as on March 31, 2018, on account of disputes are given below:

Name of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount (Rupees in crores)
Karnataka Value Added Tax Act, 2003	Value Added Tax	Karnataka Appellate Tribunal, Bangalore	2009-2010	#0.08

Net of Rs 0.08 deposited under protest

We have been informed that there are no other dues of Value Added Tax, Income-tax, Goods and Services Tax, Service Tax, Custom Duty and Excise Duty which have not been deposited as on March 31, 2018 on account of disputes.

- viii. In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to banks. The Company has neither obtained any loan or borrowings from government or financial institution nor it has issued any debentures.
- ix. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause (ix) of the CARO 2016 Order is not applicable.
- x. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- xi. In our opinion and according to the information and explanations given to us, the Company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the CARO 2016 Order is not applicable.
- xiii. In our opinion and according to the information and explanations given to us the Company is in compliance with Section 188 and 177 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the Ind AS financial statements etc. as required by the applicable accounting standards.
- xiv. During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause 3(xiv) of the CARO 2016 Order is not applicable to the Company.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

**Deloitte
Haskins & Sells LLP**

xvi. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

1(ii) Significant Accounting Policies

The significant accounting policies applied by the Company in the preparation of its financial statements are listed below. Such accounting policies have been applied consistently to all the periods presented in these financial statements and in preparing the opening Ind AS Balance Sheet as at April 1, 2016 for the purpose of transition to Ind AS, unless otherwise indicated.

(a) Statement of compliance

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2017.

The transition from Previous GAAP to Ind AS has been accounted for in accordance with Ind AS 101 "First Time Adoption of Indian Accounting Standards" with April 1, 2016 being the transition date.

In accordance with Ind AS 101 "First time adoption of Indian Accounting Standard", the Company has presented a reconciliation from the presentation of financial statements under accounting standards notified under the Companies (Accounting Standard) Rules, 2006 ("Previous GAAP") to Ind AS of total equity as at April 1, 2016 and March 31, 2017, total comprehensive income and cash flow for the year ended March 31, 2017.

(b) Basis of Preparation

The financial statements have been prepared on a historical cost basis, except of certain assets and liabilities which are required to be carried at fair value by Ind AS.

(c) Use of estimates and critical accounting judgements

In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment and Intangible assets, impairment of property, plant and equipment, intangible assets and investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

(d) Operating cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

(e) Foreign currency translation

(i) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in Statement of Profit and Loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other gains/(losses).

(f) Revenue recognition

(i) Sale of goods

Revenue from sale of goods is measured at fair value of consideration received or receivable. Sales are recognised, net of returns, sales commission and trade discounts, rebates, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with delivery of goods to customers. Sales include excise duty but exclude sales tax/goods & service tax and value added tax.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Company's activities. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

(ii) Interest Income

Interest income is accrued on a time proportion basis, by reference to the principle outstanding and the effective interest rate applicable.

(iii) Commission Income

Commission income is recognised when the services are rendered.

(g) Income tax

The Income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each year adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Current and deferred tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in Other Comprehensive Income. In this case, the tax is also recognised in Other Comprehensive Income.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT is recognised as deferred tax assets in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

(h) Leases

As a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

(i) Impairment of assets

At each balance sheet date, the company reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any). Where the assets does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the highest of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. An impairment loss is recognised in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount.

Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the statement of profit and loss immediately.

(j) Cash and cash equivalents and Cash Flow Statement

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the Balance Sheet.

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

(k) Inventories

Raw materials and stores, traded and finished goods

Inventories are valued at the lower of cost (First in First Out -FIFO basis) and the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes cost of purchase, all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Finished goods include appropriate proportion of overheads and, where applicable.

Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(l) Property, plant and equipment and Capital work-in-progress

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit or Loss during the reporting period in which they are incurred.

Projects under which property, plant & equipment are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its Property, plant and equipment recognised as at April 1 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciable amount for assets is the cost of an asset less its estimated residual value.

Depreciation on tangible property, plant & equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in the case of the certain categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

The estimated useful life of various property, plant & equipment is as under:-

- (a) Buildings- 10 to 60 years
- (b) Roads- 10 years
- (c) Plant and machinery used in manufacturing of pipe 10-20 years
- (d) Other plant and machinery- 2 to 10 years
- (e) Vehicles- 8 years
- (f) Furniture and fixtures- 10 years
- (g) Office equipment- 2-5 years
- (h) Computer- 3 years

(m) Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined Independently for each period presented.

(n) Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

(o) Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are disclosed in the financial statements. Contingent liabilities, contingent assets and commitments are reviewed at each Balance Sheet date.

(p) Employee benefits

Employee benefits include provident fund, employee state insurance scheme, gratuity, compensated absences and performance incentives.

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

The cost of short-term compensated absences is accounted as under:

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

Defined contribution plans: The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans: For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in the Other Comprehensive Income in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost.

(a) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in Statement of Profit and Loss over the period of the borrowings. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in Statement of Profit and Loss as other gains/(losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

(r) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

(s) Financial instruments – initial recognition, subsequent measurement and impairment

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Investments and other financial assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the statement of profit or loss or other comprehensive income.

The classification criteria of the Company for debt and equity instruments is provided as under:

(a) Debt instruments

Depending upon the business model of the Company, debt instruments can be classified under following categories:

- Debt instruments measured at amortised cost
- Debt instruments measured at fair value through other comprehensive income
- Debt instruments measured at fair value through profit or loss

The Company reclassifies debt instruments when and only when its business model for managing those assets changes.

(b) Equity instruments

The equity instruments can be classified as:

- Equity instruments measured at fair value through profit or loss ('FVTPL')
- Equity instruments measured at fair value through other comprehensive income ('FVTOCI')

Equity instruments and derivatives are normally measured at FVTPL. However, on initial recognition, an entity may make an irrevocable election (on an instrument-by-instrument basis) to present in OCI the subsequent changes in the fair value of an investment in an equity instrument within the scope of Ind AS -109.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in the statement of profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through other comprehensive income: Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in the statement of profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

(iii) Derecognition of financial assets

A financial asset is derecognised only when:

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

B. Financial Liabilities

(i) Classification

The Company classifies its financial liabilities in the following measurement categories:

- Financial liabilities measured at fair value through profit or loss
- Financial liabilities measured at amortized cost

(ii) Measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities measured at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. At initial recognition, such financial liabilities are recognised at fair value.

Financial liabilities at fair value through profit or loss are, at each reporting date, measured at fair value with all the changes recognized in the Statement of Profit and Loss.

Financial liabilities measured at Amortized Cost :

At initial recognition, all financial liabilities other than fair valued through profit and loss are recognised initially at fair value less transaction costs that are attributable to the issue of financial liability. Transaction costs of financial liability carried at fair value through profit or loss is expensed in the statement of profit or loss.

After initial recognition, financial liabilities are subsequently measured at amortised cost using the effective interest method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the statement of profit or loss over the period of the financial liabilities using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

(iii) **De-recognition of financial liability**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the statement of profit or loss as other income or finance costs.

(t) **Offsetting financial instruments**

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(u) **Derivative financial instruments**

The Company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Derivative financial instruments are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value at the end of each period. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

1(iii) **Recent accounting pronouncements**

The new Standards, amendments to Standards that are issued but not yet effective until the date of authorisation for issuance of the said financial statements are discussed below. The Company has not early adopted these amendments and intends to adopt when they become effective.

(a) **Ind AS 115 - Revenue from Contracts with Customers**

Ministry of Corporate affairs has notified Ind AS 115 'Revenue from Contracts with customers', which is effective from April 1, 2018. The new standard outlines a single comprehensive control-based model for revenue recognition and supersedes current revenue recognition guidance based on risks & rewards. The Company is evaluating the requirements of Ind AS 115 and its effect of the financial statements.

(b) **Ind AS 21 - Foreign currency transactions and advance consideration**

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration : On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018. The Company is evaluating requirements of Ind AS 21 and its effect of the financial statements.

(c) **Amendments to Ind AS 12 - Recognition of Deferred Tax Assets for Unrealised Losses**

The amendments clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference. Furthermore, the amendments provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount. Entities are required to apply the amendments retrospectively. However, on initial application of the amendments, the change in the opening equity of the earliest comparative period may be recognised in opening retained earnings (or in another component of equity, as appropriate), without allocating the change between opening retained earnings and other components of equity. Entities applying this relief must disclose that fact. These amendments are effective for annual periods beginning on or after April 1 2018. These amendments are not expected to have material effect on Company's financial statements.

Total	34.67	25.43

Note :-

Legal & professional charges include auditor's remuneration (excluding indirect taxes) as follows :

(a) To statutory auditors		
For audit	0.15	0.11
For other services	0.01	0.01
Total	0.16	0.12
(b) To cost auditors for cost audit	0.01	0.01
Total	0.01	0.01

30 Corporate social responsibility

As per section 135 of the Companies Act, 2013 and rules therein, the Company is required to spend at least 2% of average net profit of past three years towards Corporate Social Responsibility (CSR). Details of CSR Expenditure as required by the Management are as follows :

Particulars	(Rupees in crore)	
	Year ended March 31, 2018	Year ended March 31, 2017
Gross amount required to be spent by the Company during the year	0.89	0.68
Amount spent during the year on purposes other than construction / acquisition of any asset	-	-

31 Allocation of common expenses

During the year, the parent company has charged back the common expenses incurred by it on behalf of group companies on cost to cost basis. The allocation of common expenses has been carried out on the basis of turnover of respective companies, as per audited financial statements of immediate previous financial year.

SHRI LAKSHMI METAL UDYOG LIMITED

32 Earnings per Equity share

The following table reflects the profit and shares data used in the computation of basic and diluted earnings per share.

Particulars	(Rupees in crore)	
	Year ended March 31, 2018	Year ended March 31, 2017
Profit attributable to the equity holders of the company used in calculating basic / diluted earnings per share	38.23	33.05
Weighted average number of equity shares used as the denominator in calculating basic / diluted earnings per share	58,95,000	58,95,000
(a) Basic earnings per share in Rupees	64.85	56.06
(b) Diluted earnings per share in Rupees	64.85	56.06

33 Contingent liabilities and commitments (to the extent not provided for)

Particulars	(Rupees in crore)		
	As at March 31, 2018	As at March 31, 2017	As at April 1, 2016
(i) Contingent liabilities			
(a) Disputed claims/levies in respect of sales tax:			
- Reversal of input tax credit	0.16	0.16	0.16
No Provision has been considered necessary since the Company expects favourable decision in appeals.			
(ii) Commitments			
(a) Estimated amount of contracts remaining to be executed on capital account and not provided for			
- Property, plant & equipment (net of capital advance)	0.64	28.48	0.02
(iii) The Company has other commitments, for purchase orders which are issued after considering requirements per operating cycle for purchase of services. The Company does not have any long term commitments or material non-cancellable contractual commitments/ contracts, including derivative contracts for which there were any material foreseeable losses.			
(iv) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.			

34 Employee benefits obligations

Particulars	(Rupees in crore)		
	As at March 31, 2018		
	Current	Non-current	Total
Gratuity			
Present value of obligation	0.01	0.38	0.39
Total employee benefit obligations	0.01	0.38	0.39

Particulars	(Rupees in crore)		
	As at March 31, 2017		
	Current	Non-current	Total
Gratuity			
Present value of obligation	0.01	0.37	0.38
Total employee benefit obligations	0.01	0.37	0.38

Particulars	(Rupees in crore)		
	As at April 1, 2016		
	Current	Non-current	Total
Gratuity			
Present value of obligation	0.01	0.29	0.30
Total employee benefit obligations	0.01	0.29	0.30

(a) Defined benefit plans

a) Gratuity

The Company has an unfunded defined benefit gratuity plan. The gratuity scheme provides for lump sum payment to vested employees at retirement/death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or part thereof in excess of 6 months subject to a limit of Rupees 0.20 crores (March 31, 2017 Rupees 0.10 crores). Vesting occurs upon completion of 5 years of service.

(b) Defined contribution plans

The Company makes Provident Fund and Employee State Insurance Scheme contributions which are defined contribution plans, for qualifying employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognised Rupees 0.33 crores (Year ended March 31, 2017 Rupees 0.23 crores) for Provident Fund contributions, and Rupees 0.14 crores (Year ended March 31, 2017 Rupees 0.11 crores) for Employee State Insurance Scheme contributions in the statement of profit and loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes. The obligation of the company is limited to the amount contributed and it has no further contractual nor any constructive obligation.

SHRI LAKSHMI METAL UDYOG LIMITED
Notes forming part of financial statements

(c) Movement of defined benefit obligation:

The amounts recognised in the balance sheet and the movements in the net defined benefit obligation over the year are as follows:

Particulars	(Rupees in crore)	
		Gratuity
April 1, 2016		0.30
Current service cost		0.08
Interest expense/(income)		0.02
Total amount recognised in profit or loss		0.10
<i>Remeasurements</i>		
effect of change in financial assumptions		0.03
effect of experience adjustments		(0.04)
Total amount recognised in other comprehensive income		(0.01)
Employer contributions : Benefit payments		(0.01)
March 31, 2017		0.38
Current service cost		0.06
Interest expense/(income)		0.03
Total amount recognised in profit or loss		0.09
<i>Remeasurements</i>		
Loss due to experience		(0.04)
Loss due to change in financial assumptions		(0.03)
Total amount recognised in other comprehensive income		(0.07)
Employer contributions : Benefit payments		(0.01)
March 31, 2018		0.39

(d) Post-Employment benefits

The significant actuarial assumptions were as follows:

Particulars	Year ended March 31, 2018	Year ended March 31, 2017	Year ended April 1, 2016
Discount rate	7.86%	7.40%	7.99%
Salary growth rate	8.00%	8.00%	8.00%
Expected Return on Assets	-	-	-
Retirement age	60 Years	60 Years	60 Years
Mortality	Indian Assured Lives Mortality 2006-08	Indian Assured Lives Mortality 2006-08	Indian Assured Lives Mortality 2006-08
Attrition Rate			
18 to 30 years	3.00%	3.00%	3.00%
30 to 45 years	2.00%	2.00%	2.00%
Above 45 years	1.00%	1.00%	1.00%

Notes :

- The discount rate is based on the prevailing market yield of Indian Government Securities as at Balance Sheet date for the estimated term of obligation.
- The estimate of future salary increase considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market.

(e) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Change in assumption	
	Year ended March 31, 2018	Year ended March 31, 2017
Gratuity		
Discount rate	1%	1%
Salary growth rate	1%	1%

Particulars	Increase by 1%	
	Year ended March 31, 2018	Year ended March 31, 2017
Gratuity		
Discount rate	(0.05)	(0.06)
Salary growth rate	0.07	0.07

Particulars	Decrease by 1%	
	Year ended March 31, 2018	Year ended March 31, 2017
Gratuity		
Discount rate	0.07	0.07
Salary growth rate	(0.06)	(0.06)

SHRI LAKSHMI METAL UDYOG LIMITED
Notes forming part of financial statements

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method i.e. projected unit credit method has been applied as that used for calculating the defined benefit liability recognised in the balance sheet.

(f) Risk exposure

The defined benefit obligations have the undermentioned risk exposures :

Interest rate risk : The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

Salary Inflation risk : Higher than expected increases in salary will increase the defined benefit obligation.

Demographic risk : This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria.

(g) Defined benefit liability and employer contributions

The weighted average duration of the defined benefit obligation is 18.28 years in case of Gratuity. The expected maturity analysis of undiscounted gratuity is as follows:

Particulars	(Rupees in crore)	
	Year ended March 31, 2018	Year ended March 31, 2017
Less than a year	0.01	0.01
Between 1 - 1 years	0.01	0.01
Between 2 - 3 years	0.02	0.02
Between 3 - 4 years	0.01	0.02
Between 4 - 5 years	0.02	0.02
Beyond 5 years	0.34	0.33
Total	0.41	0.41

Notes :

- (i) APL Apollo Tubes Limited, the holding company has also given corporate guarantee for term loan and other credit facilities taken by the Company from banks. (see note 14 and 17 for credit facilities from bank outstanding as at March 31, 2018 Rupees 4.37 crore (March 31, 2017 Rupees 32.61 crore and April 1, 2016 Rupees 11.62 crore).
- (ii) The term loan and other credit facilities of the Company are also secured by personal guarantee of directors of the Company, Mr. Sanjay Gupta, Mr. Vinay Gupta and Mr. Sameer Gupta. (see note 14 and 17)
- (iii) Figures in bracket relates to previous year ended March 31, 2017 and April 1, 2016

36 Income tax expense

The reconciliation of estimated income tax to income tax expense is as below :-

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Profit before tax as per statement of profit and loss	58.79	51.66
Income tax expenses calculated as per tax rates of Income tax act of 34.608% (March 31, 2017 : 34.608%)	20.34	17.88
(i) Income exempt from tax / items not deductible	0.15	0.70
(ii) Tax on income at different rates	0.07	0.03
Tax expense as reported	20.56	18.61

In February, 2018, the Indian Corporate effective tax rate were changed from 34.608% to 34.944% and substantively enacted and will be effective from April 1, 2018. As a result, the relevant deferred tax balances have been remeasured.

37 Fair value measurements

The following tables presents the carrying value and fair value of each category of financial assets and liabilities as at March 31, 2018, March 31, 2017 and April 1, 2016.

Particulars	(Rupees in crore)					
	As at March 31, 2018		As at March 31, 2017		As at April 1, 2016

(a) Financial assets and liabilities measured at fair value - recurring fair value measurements

Particulars	As at March 31, 2018		As at March 31, 2017		As at April 1, 2016	
	Level 2	Level 3	Level 2	Level 3	Level 2	Level 3
Financial Liabilities						
- Liability for foreign currency forward contracts	-	-	-	-	0.41	-
Total financial liabilities	-	-	-	-	0.41	-

Fair value of forward contracts determined by reference to quote from financial institution.

(b) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, security deposits included in level 3.

(c) Assets and liabilities which are measured at amortised cost for which fair values are disclosed

All the financial asset and financial liabilities measured at amortised cost, carrying value is an approximation of their respective fair value.

38 Financial risk management objectives

The company's activities expose it to market risk (including foreign currency risk and interest rate risk, liquidity risk and credit risk).

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk :

The Company's risk management is carried out by a treasury department under policies approved by the Board of Directors, Company Treasury Department identifies, evaluates and hedges financial risks in close co-operation with the company's operating units. The board provides principles for overall risk management, as well as policies covering specific areas, such as hedging of foreign currency transactions foreign exchange risk.

(a) Market risk

Market risk is the risk of any loss in future earnings, in realisable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as result of changes in interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements can not be normally predicted with reasonable accuracy.

(i) Foreign currency risk

The Company's functional currency in Indian Rupees (INR). The Company undertakes transactions denominated in the foreign currencies; consequently, exposure to exchange rate fluctuations arise. Volatility in exchange rates affects the Company's the costs of imports, primarily in relation to raw material. The Company is exposed to exchange rate risk under its trade and debt portfolio.

Adverse movements in the exchange rate between the Rupee and any relevant foreign currency results in the increase in the Company's overall debt positions in Rupee terms without the Company having incurred additional debt and favourable movements in the exchange rates will conversely result in reduction in the Company's receivable in foreign currency. In order to hedge exchange rate risk, the Company has a policy to hedge cash flows up to a specific tenure using forward exchange contracts and options. At any point in time, the Company hedges its estimated foreign currency exposure in respect of forecast sales over the following 6 months. In respect of imports and other payables, the Company hedges its payable as when the exposure arises.

SHRI LAKSHMI METAL UDYOG LIMITED
Notes forming part of financial statements

Details on derivative instruments and unhedged foreign currency exposures

(1) The position of foreign currency exposure at the Company as at end of the year are as follows :

Forward contract outstanding	Buy/Sell	As at March 31, 2018	As at March 31, 2017	As at April 1, 2016
In USD	Buy	-	-	57,54,797
Equivalent amount in Rupees in crore	Buy	-	-	38.17
In EURO	Buy	-	-	-
Equivalent amount in Rupees in crore	Buy	-	-	-

(2) The year end foreign currency exposures that have not been hedged by a derivative instrument or otherwise are given below:

Currency	As at March 31, 2018	As at March 31, 2017	As at April 1, 2016
Payables:			
USD	-	-	-
Equivalent in Rupees in crore	-	-	-
EURO	-	1,06,400	-
Equivalent in Rupees in crore	-	0.74	-
Advance paid to vendors:			
USD	17,24,000	14,00,000	-
Equivalent in Rupees in crore	11.21	9.08	-
EURO	2,20,000	-	1,48,000
Equivalent in Rupees in crore	1.77	-	1.11

The position of foreign currency exposure to the Company as at the end of the year are as follows :

Sensitivity

If INR is depreciated or appreciated by 2.50% vis-s-a-vis foreign currency, the impact thereof on the profit and loss of the company are given below:

Particulars	Impact on profit after tax	
	Year ended March 31, 2018	Year ended March 31, 2017
EURO sensitivity	-	-
INR/EURO Increases by 2.50% (March 31, 2017 - 2.50%)	-	(0.01)
INR/EURO Decreases by 2.50% (March 31, 2017 - 2.50%)	-	0.01

(ii) **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk because funds are borrowed at both fixed and floating interest rates. Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate. The borrowings of the Company are principally denominated in rupees with a mix of fixed and floating rates of interest. The Company has exposure to interest rate risk, arising principally on changes in base lending rate and LIBOR rates. The Company uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like non-convertible bonds and short term loans. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings, and by the use of interest rate swap contracts. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied.

Particulars	(Rupees in Crore)		
	As at March 31, 2018	As at March 31, 2017	As at April 1, 2016
Variable rate borrowings	0.17	26.01	2.62
Fixed rate borrowings	4.20	6.60	9.00
Total borrowings	4.37	32.61	11.62

As at the end of the reporting period, the company had the following variable rate borrowings outstanding:

Particulars	Balance	% of total loans
As at March 31, 2018		
Bank overdrafts, bank loans, Cash Credit	0.17	4%
As at March 31, 2017		
Bank overdrafts, bank loans, Cash Credit	26.01	80%
As at April 1, 2016		
Bank overdrafts, bank loans, Cash Credit	2.62	23%

Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

Particulars	Impact on profit after tax	
	Year ended March 31, 2018	Year ended March 31, 2017
Interest rates - increase by 50 basis points (50 bps)	-	(0.09)
Interest rates - decrease by 50 basis points (50 bps)	-	0.09

- (b) **Credit risk**
Credit risk arises when a counter party defaults on contractual obligations resulting in financial loss to the company.

Company's trade receivables are generally categorized into following categories

1. Institutional customers
2. Dealers

In case of sale to institutional customers certain credit period is allowed. In order to mitigate credit risk, majority of the sales are secured by letter of credit, bank guarantee, post dated cheques, etc.

In case of sale to dealers certain credit period is allowed. In order to mitigate credit risk, majority of the sales made to dealers are secured by way of post dated cheques (PDC).

Further, Company has an ongoing credit evaluation process in respect of customers who are allowed credit period.

In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 30 days past due.

- (c) **Liquidity risk**

The Company has a liquidity risk management framework for managing its short term, medium term and long term sources of funding vis-à-vis short term and long term utilization requirement. This is monitored through a rolling forecast showing the expected net cash flow, likely availability of cash and cash equivalents, and available undrawn borrowing facilities.

- (i) Financing arrangements: The position of undrawn borrowing facilities at the end of reporting period are as follows:

Particulars	(Rupees in crore)		
	As at March 31, 2018	As at March 31, 2017	As at April 1, 2016
Floating rate	102.83	76.28	72.38
Nature of facility	Working Capital	Working Capital	Working Capital
	102.83	76.28	72.38

- (ii) **Maturities of financial liabilities**

The table below analyses the company's all non-derivative financial liabilities into relevant maturity based on their contractual maturities. The amounts disclosed in the table are the contractual undiscounted cash flows.

Contractual maturities of financial liabilities:

Particulars	(Rupees in crore)			
	Not later than 1 year	Between 1 and 5 years	Later than 5 years	Total
Non-derivatives				
March 31, 2018				
Borrowings	2.57	1.80	-	4.37

40 Capital Management

(a) Risk Management

The Company being in a capital intensive industry, its objective is to maintain a strong credit rating healthy capital ratios and establish a capital structure that would maximise the return to stakeholders through optimum mix of debt and equity.

The Company's capital requirement is mainly to fund its capacity expansion, repayment of principal and interest on its borrowings and strategic acquisitions. The principal source of funding of the Company has been, and is expected to continue to be, cash generated from its operations supplemented by funding from bank borrowings and the capital markets. The Company is not subject to any externally imposed capital requirements.

The Company regularly considers other financing and refinancing opportunities to diversify its debt profile, reduce interest cost and elongate the maturity of its debt portfolio, and closely monitors its judicious allocation amongst competing capital expansion projects and strategic acquisitions, to capture market opportunities at minimum risk.

The Company monitors its capital using gearing ratio, which is net debt divided to total equity. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents, Bank balances other than cash and cash equivalents.

Particulars	(Rupees in crore)		
	As at March 31, 2018	As at March 31, 2017	As at April 1, 2016
Non current borrowings	1.80	4.20	6.60
Current maturities of long term debt	2.40	2.40	2.40
Current borrowings	0.17	26.01	2.62
Less: Cash and cash equivalents	(3.70)	(0.01)	(0.08)
Total Debts	0.67	32.60	11.55
Total equity	126.86	122.70	89.64
Gearing Ratio	0.01	0.27	0.13

Equity includes all capital and reserves of the Company that are managed as capital.

(b) Dividends

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
	Final dividend for the year ended March 31, 2018 - Rupees 52 per share, March 31, 2017 - Rupees 48 per share) (excluding dividend distribution tax)	30.65
Dividends not recognised at the end of the reporting period	30.65	28.30
Dividend Distribution Tax	6.24	5.81

The Board of Directors have recommended a final dividend of Rupees 52 per share which is subject to the approval of the shareholders in the ensuing annual general meeting.

41. First-time adoption of Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in Note 1(ii) have been applied in preparing the financial statements for the year ended March 31, 2018, the comparative information presented in these financial statements for the year ended March 31, 2017 and in the preparation of an opening Ind AS balance sheet at April 1, 2016 (Company's date of transition to Ind AS). In preparing its opening Ind AS balance sheet, the company has adjusted the amounts reported previously in financial statements prepared in accordance with the applicable accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act.

An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A. Exemptions and exceptions availed

(a) Ind AS optional exemptions

(i) Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. This exemption is also used for intangible assets covered by Ind AS 38 Intangible Assets.

Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value, which has been considered as deemed cost.

(b) Ind AS mandatory exceptions

(i) Estimates

Estimates made under Ind AS at April 1, 2016 are consistent with the estimates as under previous GAAP.

(ii) Classification and measurement of financial assets

Ind AS 101 requires that an entity should assess the classification of its financial assets on the basis of facts and circumstances exist on the date of transition. Accordingly, in its Opening Ind AS Balance Sheet, the company has classified all the financial assets on basis of facts and circumstances that existed on the date of transition, i.e., April 1, 2016.

SHRI LAKSHMI METAL UDYOG LIMITED
Notes forming part of financial statements

(e) **Impact of Ind AS adoption on cash flow statement for the year ended March 31, 2017**

	Previous GAAP	Adjustments	Ind AS
	(Rupees in crore)		
Net cash flow from operating activities	(9.54)	0.76	(8.78)
Net cash flow from investing activities	(9.68)	(0.02)	(9.70)
Net cash flow from financing activities	19.15	(0.74)	18.41
Net increase/(decrease) in cash and cash equivalents	(0.07)	-	(0.07)
Cash and cash equivalents as at April 1, 2016	0.08	-	0.08
Cash and cash equivalents as at March 31, 2017	0.01	-	0.01

As the presentation requirements under previous GAAP differ from Ind AS, the previous GAAP information has been regrouped for ease and facilitation of reconciliation with Ind AS.

Notes to the reconciliation

- 1 Under previous GAAP, excess, if any, of the closing market price on the day prior to the grant of the options under ESOS over the exercise price was amortized by the company on straight-line basis over the vesting period.

Under Ind AS, all the stock options granted to the employees are required to be measured at fair value at each reporting period. Accordingly, all the options outstanding options as on the date of transition (granted but not vested) has been measured at fair value with corresponding impact to the equity.
- 2 Under previous GAAP, premium on forward contracts were amortised over the period of contracts on straight line basis. Further, mark-to-market (MTM) gain/losses were recognised on the basis of closing rate on the forward contract with similar maturity.

Under Ind AS, no premium expense on forward contract is recognised and MTM gains/losses are recognised on the basis of fair value of the similar forward contract of remaining tenure.
Accordingly, deferred premium on forward contracts outstanding on the date of transition has been derecognised with corresponding impact in retained earnings. Further, MTM difference between previous GAAP and Ind AS has been recognised with corresponding impact to retained earnings.
- 3 Relates to prior period expense of year ended March 31, 2016 which were debited in year ended March 31, 2017 under previous GAAP. Under Ind AS, the same have been restated to respective years.
- 4 Under previous GAAP, revenue from sale of goods was presented net of excise duty whereas under Ind AS, the revenue from sale of goods is presented inclusive of excise duty. The excise duty is presented on the face of Statement of Standalone Profit & Loss as part of expense.
- 5 Other GAAP adjustments includes adjustment on account of financial assets and liabilities measured at amortised cost.
- 6 The various transitional adjustments have deferred tax implications which have been accounted for by the Company. Deferred tax adjustment have been recognised in relation to the underlying transaction either in retained earnings or other comprehensive income, on the date of transition.
- 7 Under Ind AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' includes remeasurements of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP. Accordingly, gain/loss on remeasurements of post-employment benefit obligation has been reclassified to the Other Comprehensive Income for the year ended March 31, 2017.
