INDIA'S FIRST STEEL CLOSED DOOR & WINDOW FRAMES

FOR EASY INSTALLATION & PROTECTION AGAINST TERMITES

Sudesh Group

Sudesh Group is India's leading steel pipes and tubes manufacturer with 13 plants across different locations in India. It's a pioneer in steel pipes and tubes of different types and shapes with a total manufacturing capacity of 2.5 million metric tons per annum. For over 3 decades, the group of companies has been revolutionizing the steel tubes and pipes manufacturing industry with its innovative and technology led processes to bring a paradigm shift, and has proven its market acumen.

Apollo Chaukhat is a shining example of our innovative spirit and our quest for introducing newer products and solutions which makes a difference in people's lives. Made with our revolutionary, and India's only

Direct Forming Technology (DFT), frames are lighter and available in customized size for an easier installation.

Traditionally, in India wooden frames are used for doors and windows. But as we have seen, these frames have several shortcomings. To start with, they are expensive, prone to termites and are inflammable. Moreover, installation is very time consuming and the look deteriorates with time.

But all this is about to change with Apollo's Chaukhat - India's first closed steel door and window frames. Frames can now be installed in just a few simple steps. Made of quality steel, you're assured of strength, durability, and quality without compromising on aesthetics. And, of course, termites don't stand a chance against the might of steel. What's more, with Apollo Chaukhat, you don't just save money but also precious trees.

So go ahead, make the perfect choice with Apollo Chaukhat.

THE PERFECT CHOICE FOR DOORS & WINDOWS

Fire-Resistant

Cost-Effective

Termite Proof

Durable

No Gaps
Made to Precision

Easy to fit

Eco Friendly

Recyclable

**STEEL VS WOOD
IT'S A "NO" MATCH**

PROPERTIES	WOOD	STEEL
Water & Moisture Proof	✗	✓
Termite & Pest Proof	✗	✓
No Shrinking & Swelling	✗	✓
Fire Retardant	✗	✓
Maintenance Free	✗	✓
Environment Friendly	✗	✓

Weather & Ageing Resistant	✗	✓
High Screw & Nail Holding Capacity	✗	✓
Easy Sawing & Cutting	✗	✓
Solvent Based Joinery	✗	✓

FITS EASILY AND FASTER THAN WOODEN FRAMES

TWO STEP PROCESS

Another reason to choose Apollo Chaukhat is its quick installation process which is nothing short of magic. At the time of construction, as compared to wooden frames, which has to be fitted during construction, Apollo CHAUKHAT can be fitted post-construction in just two easy steps, like any modern PLUG & PLAY.

1 MEASUREMENT

2 INSTALLATION

NO GAPS - FOR BUGS AND DUST

Installed with the help of concrete and cement, the open frames usually allow bugs and dust inside the house. These frames also fall behind on the grounds of beauty. Whereas, Apollo CHAUKHAT is a closed door frame which takes no time in installation, looks beautiful and shields the house from dust and bugs.
